People

Our senior year was a special time for us. After seeing three classes graduate before us it was hard to believe we were next. We had gone through many changes during the past four years at North. We had made it through finals, S.A.T.s and A.C.T.s. We had lost friends but we also had made new ones. Because we were the seniors, we had to assume more responsibility. We were now the school leaders and trend-setters. It was for us to leave the footsteps for others to follow, instead of following in the footsteps of others. Though we were the leaders, we still realized that we did not know everything. What we were going to do after leaving North was often on our minds. Despite all the worries of the future, our senior year was a time of fun. We had spent many hours sitting at the cafeteria tables talking with our friends, sharing our feelings of happiness as well as disappointments. The dances we attended, the sporting events we went to, and our graduation were ingredients for lasting memories we will cherish forever. We realized that leaving North, our home away from home for four years, was scarey but at the same time, exciting. We had finally "grown up"! We realized that after "our" graduation day we would no longer be one.

JUNIORS

It seemed like such a relief to finally be done with the year, but we will always remember it. Academically, it was the busiest and most important year of our high school years. It seemed like all we did was take tests. If it wasn't the SAT it was the ACT, and if it wasn't college boards, it was something else. In between these tests, that were to influence our future and maybe decide the path of our life, we had some heavy studying to do also. We were told not to worry; just take the tests and do the best we could.

Along with the challenge of making it through the year, some new privileges were given to us. We were now ranked among the "upper classmen" and in turn, we even ate among the seniors in the prestigeous small cafeteria. Early dismissal was probably the best privilege we could have, for it meant one less hour of school. The opportunity to participate in varsity sports also became a greater possibility.

Junior year was a year that will never be forgotten. It will have a lasting impression in our memories of Naperville North High School; though it was rough at times, it was just a step in preparing us for what lies ahead.

SOPHOMORES

With two years down and two to go, we can really look at our track record with some pride. It was a year in which we all changed a little, but that was just part of growing up. We acquired new ideas and became more involved in various groups, organizations, and sports. We had a better idea of what North was really like.

Geometry, as many found out the hard way, was not as easy as 1-2-3. It appeared that many of us were "incongruent" with the concepts of those little figures.

If theorems and postulates weren't bad enough, there was the challenge of who really was a Biology student. We were fortunate enough to be the first group in Biology to become friends with the fetal pig. Making it through Driver's Ed. and receiving our license was a high point for many as was our football team with their 8-1 record. We had hit the big time and loved it.

Generally, this is an in between sort of year, but we proved to be quite a class. We can all look back on this year as one of radical growth and a lot of good times. Watch out everyone, the class of '84 is moving up.

FRESHMEN

Being a freshman was almost like hitting the big time; we were actually in high school now. At first it was hard to get used to having a locker partner and the worst problem was having a neat one. Putting up pictures of your idols, and plastering the door with crazy sayings made up for any problems, though.

Making new friends was an important experience and a "must" in high school, but it was great having those old ones around too. Wasn't it strange having friends in higher grades, instead of just having friends your own age?

For many of us, the sport events were the highlights of our weekend. Going to those Friday night football games really started the year off in a fun way. The school spirit was so overwhelming and contageous that we had a great crowd at every game.

"Mallards do it on the Third Floor," really tells it all. It reminds us of how inferior we felt on that first day. Of course we never asked directions, we had our maps with us at all times.

All in all, freshmen year was terrific. It meant a lot more work, but it also held a lot more fun. Just wait till next year!

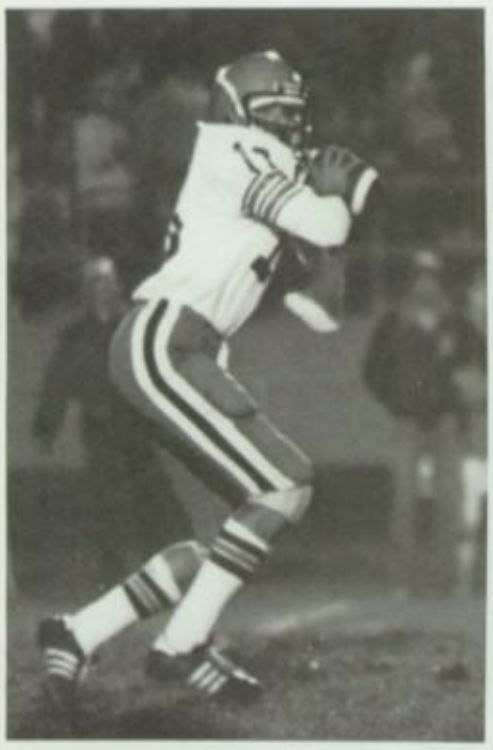
Huskies Tackled by Competition



Although the number of games won by this year's Varsity Football Team was not that high, they still had a good season. They finished 2-5 in the conference and ended with the win-loss record of 3-6 over-all. The Sophomore team finished extremely well this year with an 8-1 record. The Freshman Team followed suit with a good season record. Team A finished with 7-2 and Team B was 4-4. Backed by crowded stands and cheering fellow classmates, the teams had a tremendous amount of support that kept them going throughtout the season.

New Sport Kicks Off at NNHS

For the first time at NNHS, girls' soccer was introduced this year. Although it is a new girl's sport at North, the team members are not inexperienced, "They had played with the Naperville Park District before," commented Coach Harris.

With great interest, the girls wanted this added to North's athletic program. They sent a thousand signatures to the school board and requested it be a new sport for NNHS. The school board agreed and gave their consent.

"They're still very young," remarked Coach Harris, "the teams consist of mainly freshmen and sophomores."

As young as they are, they're at the top. They had a very successful season. The varsity team beat our neighbor, Naperville Central, and placed second in the Hinckley-Big Rock tournament. "Hopefully, they will be better next year," concluded Coach Harris.

Everyone, including coaches and statisticians, faithfully accompanied the team in every game. The varsity team played to finish their season with a 12-5-4 record which was good for 4th place in the DVC. The J.V. and Sophomore teams also played very well this season. Meanwhile, the Freshman team did exceptionally well to end their season with a sensational 14-0-1 record. As a result, the 1981-82 soccer season ended very well.

Setting Up For Victory

The Volleyball season ended this year with three successful teams. The varsity team's highlight was winning first place in the Lake Park Tournament. The team also did well in the season's playoffs, placing second in the DuPage Valley Conference and second in the IHSA District. The varsity team will be losing five Seniors who have played on the team since their Sophomore year. Cathy Crusius and Marcy Fothergill were two seniors from North chosen to the All-Conference team.

The JV team also did well this season losing only one conference game and tying for first place in the conference.

Though the Freshman team had a 6 and 8 record, Coach Lee feels the girls have a lot of talent, and she is looking forward to the upcoming season.

Girls Outswim Competition

Highlighting the girl's swim team year was their capture of 5th at the state meet. Their dual season record was 12-0. They also defeated cross town rival Naperville Central. One of their high points was beating the number 1, 3, and 4 teams in the dual meet; however, were unable to win over them at state.

They did, however, retain their unbeaten three-year dual meet record, improving the level of competition each year.

The J. V. team also had a good year obtaining a 10-2 record in the dual competitions. Both teams proved that with effort and determination Naperville North has an award winning team.

Varsity Gymnastics. Row 1: Kelly Morrison. Row 2: Vivian Mitchell, Keli Crandall, Laurie Lahti. Row 3: Coach Hawkins, Jeri Jenkins, Sue Denker, Ruthann Wall, Coach Komar.

The girls varsity gymnastic season ended with a record of 10-4. They placed second in conference. Moreover, they were district champs. This year has been a very successful season for the girls. They broke every school record. The individuals who made this possible were Kelly Morrison on the vault, floor exercise, and beam with a high score of 9.1, 9.15, and 8.90 respectively; also Vivian Mitchell on the bars with an 8.90. Kelly Morrison also broke the school record as an all-around gymnast with an 8.71, along with the other trio events. Three North girls qualified for the state meet. Amie Gehring, a freshmen, qualified on the bars. Lauri Lahti, a senior, was one of the qualifiers on the vault. A special recognition should go to Kelly Morrison. She qualified both as an all-arounder and as an individual in three events: beam, vault, and floor exercise. In the state, she ranked ninth place on the beam. Overall, these three girls helped North place 11th in the state competition.

Golfers Birdie Their Way to State

This year's Boy's Golf Team had an extraordinary year. Not only were they IHSA Sectional champions, but the team was also IHSA District champions. Special recognition should be given to Tony Hairston, who was a medalist in the conference meet and also to Tom Fuglestad who was a third place winner at the State meet. The team as a whole made it down state where they acquired a third place trophy in recognition of their hard work and extreme effort.

Girl's Golf: Under par

The 1981-82 Girl's Golf Team finished a fantastic season with a record of 14-2, and placed 8th in State; the best they've done in the history of the school. The team also broke existing records for combined scores in 9 and 18 hole matches. Kim Whitler and Karen Palacios had record breaking individual scores for 9 hole matches and Karen also holds the school record for the low Girl's 18 hole match. Overall, the Girl's Golf Team placed better in the '81 season than they have ever done in the history of Naperville North.

Each year the job of the editor is to produce a yearbook that is in someway unique. I hope that I have accomplished this task and that in the years to come it will be a worthy representation of the '81-'82 school year.

Many factors contribute to a succesful yearbook; long hours and hard work are just two. However, probably the most important factor is having a dedicated staff. If it had not been for some very special people who spent their time working after school, some weekends, and even holidays, the yearbook would not have been completed so successfully. I couldn't have asked for a bettter staff! Thank you so much everyone!

I owe many thanks to Mrs. Ladd who, as well as being a terrific advisor, was also a good friend. The photographers at Ricci Studio also deserve a special thanks for always coming through with our pictures at the most crucial times.

I am confident that the editor of next year's book will do a super job. Under the guidance of Mrs. Ladd and Morris Ferensen, the editor can't go wrong, I know. Judy, you've been terrific this year, and I'm sure that you will do a great job next year.

With great appreciation,
Debbie Berg
